<td>Risk (please read the PDS for further details)</td>
<td>High. The following risks are materially relevant to the Fund. Equity risk: in general, equities involved higher risks than bonds or money market instruments Volatility risk: the performance of the fund has a risk of high volatility Emerging markets risk: emerging markets are less established than developed markets and therefore involve higher risks. Currency Risk: Currency risk will be minimised through a hedging program, though the Fund may not always be fully hedged if smaller currency exposures prove impracticable and/or too costly.</td>
