240+ fixed income professionals¹

The breadth and depth of our global research provides a critical information edge.

Monthly income

Aims to generate a steady stream of income in the form of coupon payments.

Total return

Reinvesting the income can significantly boost investment returns over the long term via the power of compounding.

Low default rate

Our clients have benefited from our track record of consistently low defaults vs the global market average.

Truly global opportunity set

Helps us take full advantage of divergent credit cycles and performance variations between countries, regions and sectors.

ESG integration

Environment, Social and Governance (ESG) factors are integrated into the investment process².

Deep experience

T. Rowe Price has been managing high yield portfolios for over 30 years.

¹ Fixed income investment professionals head count consisting of 81 Credit Research Analysts, 20 Quantitative Analysts, 55 Portfolio Managers, 67 Trading and Portfolio Modeling, 16 Portfolio Specialist / Investment Specialists and 8 Business Management, as of 31 December 2023.

² ESG considerations form a part of our overall research process, helping us alongside other factors to identify investment opportunities and manage investment risk. At T. Rowe Price this is known as ESG integration. However, we may conclude that other attributes of an investment outweigh ESG considerations when making investment decisions.
