

T. ROWE PRICE FUNDS SICAV

European Select Equity Fund – Proxy Voting Summary

6 months ending 31 December 2023

PROXY VOTING PROGRAM OVERVIEW

Proxy voting is a crucial link in the chain of stewardship responsibilities we execute on behalf of our clients. Each vote represents both the privileges and the responsibilities that come with owning a company's equity instruments.

We take our responsibility to vote our clients' shares very seriously - taking into account both high-level principles of corporate governance and company-specific circumstances. Our overarching objective is to cast votes to foster long-term, sustainable success for the company and its investors.

T. Rowe Price portfolio managers are ultimately responsible for the voting decisions within the strategies they manage. They receive recommendations and support from a range of internal and external resources:

- The T. Rowe Price ESG Committee
- Our global industry analysts
- Our specialists in corporate governance and responsible investment
- ISS, our external proxy advisory firm

Our proxy voting program serves as one element of our overall relationship with corporate issuers. We use our voting power in a way that complements the other aspects of our relationship with these companies, including engagement, investment diligence, and investment decision-making.

SUMMARY OF MAJOR PROPOSAL ITEMS

The following table breaks down voting records into categories. Some categories, such as the election of directors, are universal across the markets where we invest. Other voting issues are unique to select regions. For management-sponsored proposals, a vote "FOR" is a vote aligned with the board's recommendation. For shareholder-sponsored proposals, a vote "FOR" is generally a vote contrary to the board's recommendation.

INVESTMENT OBJECTIVE: To increase the value of its shares, over the long term, through growth in the value of its investments.

INVESTMENT PROCESS: The fund is actively managed and invests mainly in a high conviction portfolio of shares of European companies. Although the fund does not have sustainable investment as an objective, the promotion of environmental and/or social characteristics is achieved through the fund's commitment to maintain at least 10% of the value of its portfolio invested in sustainable investments, as defined by the SFDR. In addition to the E/S characteristics promoted, the fund also applies the investment manager's proprietary responsible screen (the T. Rowe Price Responsible Exclusion List). The fund may use derivatives for hedging and efficient portfolio management. For full investment objective and policy details refer to the prospectus. The manager is not constrained by the fund's benchmark, which is used for performance comparison purposes only.

SIGNIFICANT VOTES

The definition of a significant vote can vary across the investment industry. At T. Rowe Price, meetings may be tagged as significant where the situation is particularly contentious, or the vote illustrates a key aspect of our voting approach. Detailed below is the summary of a resolution, how we voted, and our rationale for that voting decision. T. Rowe Price portfolio managers decide how to vote on the proxy proposals of companies in their portfolios and, as a result, may not all vote the same.

This case study describes proxy voting being carried out on behalf of the fund. This material is for informational purposes only and is not intended as an offer or recommendation concerning investments, investment strategies, products, and account types.

| CASE STUDY: Remy Cointreau – Agenda item numbers 4, 10, 11, and 12 | | |
|--|---|--|
| Summary of the resolution(s) | Agenda item number 4: Approve Auditors' Special Report on Related-Party Transactions Mentioning the Absence of New Transactions | |
| | Agenda item number 10: Approve Compensation of Eric Vallat, Chief Executive Officer (CEO) | |
| | Agenda item number 11: Approve Remuneration Policy of Chairman of the Board | |
| | Agenda item number 12: Approve Remuneration Policy of CEO | |
| Country | France | |
| Company description | Remy Cointreau is a spirits company mainly focused on cognac. | |
| Date of vote | July 20, 2023 | |
| Meeting type | Annual/Special | |
| Proponent | Management | |
| How we voted | Agenda item number 4: Against | |
| | Agenda item number 10: Against | |
| | Agenda item number 11: Against | |
| | Agenda item number 12: Against | |
| Rationale for the voting decision(s) | The company failed to provide sufficient information to explain why the continuation of the consulting services agreement with the majority shareholder is in minority shareholders' interests, so we voted AGAINST item 4. | |
| | We also voted AGAINST items 10–12 because, as last year, there remain long-running problematic pay practices, including inadequate ex post bonus disclosure. With regards to the chief executive officer's compensation, the discretion allowed in the long-term incentive plan (LTIP) is very broad to the point of retesting—if the operating profit target is not achieved at the end of the period, the performance of the two previous financial years (2023/2024 and 2024/2025) will nevertheless be taken into account. This is not in line with good practice. Furthermore, under the items to approve the remuneration policies, the key terms were not disclosed. | |

The specific securities identified and described do not represent all of the securities purchased, sold, or recommended for the SICAV sub-fund, and no assumption should be made that the securities identified and discussed were or will be profitable.
