Re: Notice in relation to the T. Rowe Price Funds SICAV - T. Rowe Price Funds B SICAV - Select Investment Series III SICAV

Dear Shareholder,

We are writing to inform you that, as stipulated in the last prospectus dated 2024 and as further notified in the corresponding notice, we have added two new types of share class to the available share classes of the fund: "C" class, available to all investors and "E" class, available to institutional investors only.

These new share classes offer a potentially lower maximum applied management fee than you currently pay for your existing investment. For details of funds which are already open to investment and may be available to you please see our website: <https://www.funds.troweprice.com/uk/en/>. Please refer to the current prospectus version for further details and conditions, including the transfer of shares from other classes.

Please note, you are receiving this notice as a registered shareholder in I or Q class shares of the above-named fund. If you are not the end investor or are dealing in the funds on behalf of another ultimate beneficial owner, please arrange for this notice to be shared with such underlying parties.

Thank you for the continued trust and confidence that you have placed in T. Rowe Price. If you have any queries, please contact your relationship manager or servicing representative.
