INVESTMENT OBJECTIVE

To increase the value of its shares, over the long term, through growth in the value of its investments.

INVESTMENT PROCESS

The fund is actively managed and invests mainly in a diversified portfolio of shares of Chinese companies and may have significant exposure to smaller capitalisation companies. The fund may use derivatives for hedging and efficient portfolio management. For full investment objective and policy details refer to the prospectus. The manager is not constrained by the fund's benchmark, which is used for performance comparison purposes only.

Past performance is not a reliable indicator of future performance.

Source for performance: T. Rowe Price. Fund performance is calculated using the official NAV with distributions reinvested, if any. The value of your investment will vary and is not guaranteed. It will be affected by changes in the exchange rate between the base currency of the fund and the currency in which you subscribed, if different. Sales charges, taxes and other locally applied costs have not been deducted and if applicable, they will reduce the performance figures.

Performance data will be displayed when a share class has more than 1 year history of returns.

The manager is not constrained by the fund's benchmark(s), which is (are) used for performance comparison purposes only.

MSCI Index returns are shown with net dividends reinvested.
