Effective 2 November 2021, the name of the fund changed from European Smaller Companies Equity Fund to Responsible European Smaller Companies Equity Fund. The fund now promotes environmental and social characteristics through the application of a proprietary socially responsible screen (exclusion list). Please see the prospectus for more information.

INVESTMENT OBJECTIVE

To increase the value of its shares, over the long term, through growth in the value of its investments.

INVESTMENT PROCESS

The fund is actively managed and invests mainly in a high conviction portfolio of stocks of European companies. The fund may use derivatives for hedging and efficient portfolio management and will be consistent with the fund objectives and Environmental Sustainability characteristics of the fund. Although the fund does not have sustainable investment as an objective, the promotion of environmental and social characteristics is achieved through the investment manager's avoidance of sectors or companies, whose activities may be considered harmful to the environment and/or society through the application of its proprietary socially responsible screen (exclusion list). As a consequence, specific companies whose business activities involve controversial weapons (cluster munitions, anti-personnel mines, incendiary, chemical, biological and nuclear weapons), tobacco production, coal production, assault-style weapons for civilian use, adult entertainment, direct gambling operations and certain conduct-based criteria are excluded. There may be circumstances where a fund has some limited, indirect, exposure to the Environmental, Social and Governance criteria. Examples of these circumstances could include an investment in an instrument that gives exposure to an index, or an investment in a fund managed by an unaffiliated investment manager. Please refer to prospectus for further information on proprietary exclusion list and Sustainability Indicators. For full investment objective and policy details refer to the prospectus.
