

## Notice of the Sources of Fund Distributions

Section 19(a) of the Investment Company Act of 1940 requires the payment of any distribution to be accompanied by a written notice that discloses the sources of a payment if it is made from any source other than the fund's net income. This notice is intended to satisfy the requirements under Section 19(a).

This notice provides an estimated per share breakdown of the sources of the distribution to shareholders of record on October 28, 2025, for the following funds:

Fund	Distribution Amount	Net Investment Income	Short-Term Capital Gains	Long-Term Capital Gains	Return of Capital
T. Rowe Price Capital Appreciation Premium Income ETF	\$0.2969	\$0.0345	\$0.1375	\$0.0000	\$0.1249

While the amounts above are determined generally based on tax requirements, please note that they are estimates and are not for tax reporting purposes. The tax character of distributions made during the year will be determined at year-end and, for taxable shareholders, will be reported on your Form 1099-DIV mailed by mid-February of the following year.
