⁽²⁾Investors should note that the Fund's short-term performance is highly unusual and unlikely to be sustained.

The fund(s) may have other share classes available that offer different investment minimums and fees. See the prospectus for details.

Risks: Growth investing: The fund's growth approach to investing could cause it to underperform other stock funds that employ a different investment style. **Large- and mid-cap stocks:** Securities issued by large- and mid-cap companies tend to be less volatile than securities issued by small-cap companies. However, large-cap companies may not be able to attain the high growth rates of successful small-cap companies, especially during strong economic periods, and may be unable to respond as quickly to competitive challenges. **Diversification:** Diversification cannot assure a profit or protect against loss in a declining market. See the prospectus for more detail on the fund's principal risks.

Morningstar rated the fund 4, 2, and 3 stars among 1,024, 954 and 766 Large Growth funds for the 3-, 5-, and 10-year periods (as applicable) ending 9/30/2025, respectively. The Morningstar Rating™ for funds, or "star rating", is calculated for funds with at least a three-year history. The top 10% of products in each product category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star.
