The Fund's total return figures reflect the reinvestment of dividends and capital gains, if any.

The average annual total return figures reflect the reinvestment of dividends and capital gains, if any.

The fund(s) may have other share classes available that offer different investment minimums and fees. See the prospectus for details.

Risks: Investments in other funds: The fund bears the risk that its underlying funds will fail to successfully employ their investment strategies. One or more underlying fund underperformance or failure to meet its investment objective(s) as intended could cause the fund to underperform similarly managed funds. **Emerging markets:** Investing in underlying funds that hold securities of issuers in emerging market countries involves greater risk and overall volatility than investing in underlying funds that hold securities of issuers in the U.S. and other developed markets. See the prospectus for more detail on the fund's principal risks.

Morningstar rated the fund 3, 2, and 2 stars among 651, 615 and 425 Foreign Large Blend funds for the 3-, 5-, and 10-year periods (as applicable) ending 3/31/2025, respectively. The Morningstar Rating™ for funds, or "star rating", is calculated for funds with at least a three-year history. Exchange-traded funds and open-ended mutual funds are considered a single population for comparative purposes. It is calculated based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a managed product's monthly excess performance, placing more emphasis on downward variations and rewarding consistent performance. The top 10% of products in each product category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star.

Fund Assets, holdings-based analytics (excluding portfolio turnover), and portfolio attribution are calculated using T. Rowe Price's internal Investment Book of Records (IBOR). Due to timing and accounting methodology differences, IBOR data may differ from the Accounting Book of Records (ABOR) data provided by the Fund's accountant. Unless otherwise noted, index returns are shown with gross dividends reinvested. T. Rowe Price uses the current MSCI/S&P Global Industry Classification Standard (GICS) for sector and industry reporting.

T. Rowe Price uses a custom structure for diversification reporting on this product. Diversification exhibits may not add to 100% due to exclusion or inclusion of cash. Certain numbers in this report may not equal stated totals due to rounding. Unless otherwise stated, data is as of the report date.
