Investment Objective & Strategy

The fund seeks long-term capital growth by investing primarily in small companies whose common stocks are believed to be undervalued.

Focus on small-company stocks T. Rowe Price believes do not reflect their underlying value.

Intensive in-house research identifies undervalued stocks by considering, among other factors:

- Low price/earnings, price/book value, and price/cash flow ratios
- Solid financial characteristics

Morningstar rated the fund 2, 2, and 3 stars among 573, 544 and 388 Small Blend funds for the 3-, 5-, and 10-year periods (as applicable) ending 6/30/2024, respectively. The Morningstar Rating™ for funds, or "star rating", is calculated for funds with at least a three-year history. Exchange-traded funds and open-ended mutual funds are considered a single population for comparative purposes. It is calculated based on a Morningstar Risk-Adjusted Return measure that accounts for variation in a managed product's monthly excess performance, placing more emphasis on downward variations and rewarding consistent performance. The top 10% of products in each product category receive 5 stars, the next 22.5% receive 4 stars, the next 35% receive 3 stars, the next 22.5% receive 2 stars, and the bottom 10% receive 1 star.

Unless otherwise noted, index returns are shown with gross dividends reinvested.
